

# Pilot Flight Bag

**\$129**

Welcome to a whole new approach to pilot flight bags.

This bag offers more storage, more organization and more clever functionality than any flight bag ever built.

Two main compartments and 25 specialized pockets to hold everything you need to carry every day. You get better storage than any big bag, ... in a small bag!

Perfect for Students, Instructors, Club Members.

Plus it's modular; You can zip it apart into two separate bags; the Headset bag for VFR flight, and the Document bag for XC or IFR flight. Carry only what you need.

## Watch the Demo Video

It will really show you all the cool features of the bag. You'll find the video right on our web site.

Separates into two bags

Easily holds two headsets

Stores all this, and more, with a place for everything

- Designed by a Pilot / Flight Instructor.
- Made of heavy, 1000D Nylon for a long, rugged life.
- Big Storage. Small Size. 12" tall x 10" wide x 9" deep
- Exactly the right height for all your Navigation Charts:  
No more bending or folding of your Sectional, Terminal, Enroute charts
- Color coded zipper pulls makes it easy to open the right pocket every time. The Bag is **BLACK**.

### SwitchSnap™ Handle

Two sets of clips so you can switch the shoulder strap and the handle to keep the load balanced when you unzip the bag into two separate bags.

### Sunglasses

Separate pocket on top for easy access and for protection.

### Personal Effects

Unload your wallet, car and house keys, pocket knife, spare change, etc., into this special pocket while you fly.

### Cell Phone

A separate, protected pocket-within-a-pocket with its own zipper, right on top for easy access.

### Pens / Pencils

External Slots so you can grab a pen anytime.

### Fuel Tester

Specially-sized pocket placed right on the front cover for easy access. It also keeps the tester separate from everything else.

### Eyeglass Storage

Internal / external access for glasses or more pens, etc.

### Compact Flashlight

Holds the most commonly used small flashlights.

### Multi-Tool

Special Pocket for Leatherman™ type tool.

### Flight Computer

Specially-designed pocket for an electronic E6-B, Also holds a Digital Camera, iPod, etc.

### Bonus Storage

Internal catch-all pocket for all the little items that somehow seem to disappear in an ordinary bag.

### Duplicate set of Pockets

You get the same great set of three pockets on the back, even if you zip off the document bag.

### Flight Timer

Special internal pocket to hold a timer and more.

### Removable Document Compartment

Zips off to allow you to carry only what you need. Even has its own handle.

### Spare Batteries

Replacement power for Headset, Flashlights, Timers, Calculators, etc.

### Important Documents

A nice safe place for Photo ID, Pilot's License, Medical Certificate, Fuel Card, Checkbook, Passport, etc.

### External Chart Pockets

Stow the Charts and Check Lists you need for THIS flight, so that you can get to them easily.
